Articulation Agreements are formal agreements (or some would call a partnership) between two or more Colleges and Universities. Vincennes University offers two types of Articulation Agreements. They are Transfer Single Articulation Pathways (TSAP) and Articulation Agreements. Both agreement types are the transfer polices for a specific program or degree in general. To see if your major is listed below, please scroll down all listings.

## Vincennes University Articulation Agreements Transferring From Vincennes University

Articulation Agreements are formal agreements (or some would call a partnership) between two or more Colleges and Universities. Vincennes University offers two types of Articulation Agreements. They are Transfer Single Articulation Pathways (TSAP) and Articulation Agreements. Both agreement types are the transfer polices for a specific program or degree in general. To see if your major is listed below, please scroll down all listings.

- **Transfer Single Articulation Pathway (TSAP)**: As part of the development of the Statewide Transfer General Education Core, public state educational institution, in collaboration with the Commission, has created a Single Articulation Pathway for each programmatic area below. The first group of majors listed below and marked with an asterisk (\*) indicates those programs are a Transfer Single Articulation Pathway (TSAP). TSAP pathways are competency-based tracks designed to help students seamlessly transfer their completed associates degree program course credits into a state public university baccalaureate degree program.
- **Articulation Agreements**: For graduates completing a two-year AS degree from Vincennes University who would like to continue their education, Vincennes University has several four-year transfer partnerships. Talk to your advisor for more information. A list of these agreements follows the TSAP agreements.

**Note:** The information provided below is current and correct at the time of publication, November 13, 2017. The University shall reserve the right to make revisions in programs and procedures with the curriculum year.
